

*"Changing Lives One Card at a Time"*  
.....

To be successful in business and in life, we need to build and maintain strong relationships with people. By doing so, we build trust, and trust is lifeblood of all relationships.

That's why I have a membership to Send Out Cards. It's an on-line, wholesale card service where I can send a card to someone from my computer in just a couple of minutes. It's a real card, in my own handwriting, delivered right to their door, and I never left the comfort of my own home.

This amazing service does all this for less than the cost of a card at the Dollar Store. A high-quality, glossy printed greeting card only costs \$.62 plus postage. You can add pictures from your computer. You can even create you very own greeting cards. You can send gifts like brownies, candies, and even gift cards from popular stores.

If you are serious about being a leader, about building relationships, about being happy and successful, become a card sender like I have. Give it a try on me. Select a couple people you care about and send a heartfelt card today. Follow the instructions listed below and see what you think. Then, if you like it, buy your own wholesale membership and get started sending out cards. You'll be glad you did.
